## Star Illusions @ Sea

Star Cruises brings you the first 3D museum at sea! Based on the optical illusion concept of creating three-dimensional (3D) images from two dimensional (2D) paintings using creative art techniques, we offer a non-conventional approach to artwork. Step into these paintings, strike a creative pose and watch these paintings come alive with your pictures. The masterpieces are scattered at different locations throughout the ship, creating a sense of adventurous experience for all travellers. Get your mobile phones and camera ready and immerse yourself in the illusive world of Star Cruises.
